

Pulmonology

Our highly experienced pediatric pulmonologists provide innovative and efficient care to improve the quality of life for children and their families.

We commonly treat

- Preschool asthma
- Pulmonary hypertension
- Muscular dystrophy
- Spinal muscular atrophy
- Recurrent aspiration
- Sleep apnea
- Severe asthma
- Pulmonary complications of cerebral palsy, rheumatologic disease, scoliosis and chemotherapy
- Chronic lung disease
- Tracheotomy care
- Congenital lung abnormalities
- Neuromuscular problems

Services offered include:

- Pediatric PFT (including spirometry, lung volumes, diffusion capacity, and exercise stress testing)
- Fiber optic bronchoscopy
- Full respiratory care program with multiple options for bronchial clearance
- Ongoing management of children with bronchopulmonary dysplasia (BPD)
- Apnea diagnostic center and monitoring program
- Cystic fibrosis care, research and treatment center
- Home mechanical ventilation
- CPAP/BIPAP
