

- Go to <http://www.chexweb.com> and Log in
 Name: CHOC990V + Assigned #
 Password: Assigned #
 Example: If your Assigned # is 8593...
 Name: CHOC990V8593
 Password: 8593
- Click "My To Do List"
- Click on the "CHOC Children's - ACE FY 2011" program

- Scroll to the bottom of the page and select one course from each of the thirteen "groups" listed
NOTE: Each group is represented by a red flag.
- Click "Launch a course"
NOTE: The course will be launched in a separate browser window.

Tips:

- You will need to have Adobe Flash v9.0 or later (Free from www.adobe.com) installed
- One of these modules contains sound, you will need to ensure your sound is on and working
- Ensure Your "pop-up blockers" are turned off before you begin
- Be aware that each course will likely take one to two full minutes to load and you may see a message that says "Your Course is currently running in another window."

You may see that there are two buttons "Show Course" or "Exit Course." You do not need to click these. Once the course is loaded it will appear. If you wait longer than two minutes and the course does not appear it is VERY likely that you have another pop-up blocker running.
