

Instructions for Completion

This Excel workbook was developed to serve as a template for providing the data required by *Implementing Regulation* (IR) C-27 I "Trainee Admissions, Support, and Outcome Data" in a clear and consistent format. There are three additional worksheets in this file, each composed of tables required for each of the outcomes in the IR. These tables have been copied directly from the most recent version of the IR, approved by the Commission on Accreditation in April 2016. **Deadline to post data:**

September 1

To complete each table, simply enter the appropriate figures in each of the blank cells. Once you complete all of your data entry, you can: export the tables as a PDF, save each separate table as an image, or have your web designers recreate them in the format that they require. ***It is critical that you keep the row and column labels exactly as they appear in these tables*** . Your program will be considered out of compliance with the IR if they are not consistent with this document.

More complete information on what to include in the tables is provided in the full text of the IR, found [here](#). Please review the IR and its requirements before utilizing this template. If you have any questions about the format or the required content of this IR, please feel free to contact the APA Office of Program Consultation and Accreditation at (202) 336-5979 or at apaaccred@apa.org.

Thank you for your continued support of accreditation!

Internship Program Admissions

Date Program Tables are updated: 07/01/2018

Briefly describe in narrative form important information to assist potential applicants in assessing their likely fit with your program. This description must be consistent with the program's policies on intern selection and practicum and academic preparation requirements:

CHOC Children's (Children's Hospital of Orange County) is pleased to offer four one-year, full time, doctoral internships in pediatric psychology. The internship is accredited by the American Psychological Association. The internship at CHOC Children's focuses on training advanced level doctoral students in pediatric psychology to work effectively within medical settings with medically fragile children and their families, as well as offering continued training with more traditional child outpatient presenting problems. All of the training experiences take place within the hospital setting.

Does the program require that applicants have received a minimum number of hours of the following at time of application? If Yes, indicate how many:

Total Direct Contact Intervention Hours	<input type="checkbox"/> N	<input checked="" type="checkbox"/> Y	Amount: 100 child and/or family hours
Total Direct Contact Assessment Hours	<input type="checkbox"/> N	<input checked="" type="checkbox"/> Y	Amount: 10 integrated child reports

Describe any other required minimum criteria used to screen applicants:

Admission requirements for interns include advanced candidacy, good standing in their graduate program, and current enrollment in an APA accredited clinical, counseling, or school psychology program; two years of part-time clinical placements, one year of which must include services to children; a background in basic psychological testing measures (e.g. IQ, achievement, objective and projective personality measures); and finally, exposure to and interest in pediatric psychology which can be demonstrated through coursework, clinical placement, or research. Discussion of your interest in pediatric psychology training can be included in your essays and/or cover letter.

Financial and Other Benefit Support for Upcoming Training Year*

Annual Stipend/Salary for Full-time Interns	\$27,040 plus overtime	
Annual Stipend/Salary for Half-time Interns	N/A	
Program provides access to medical insurance for intern?	<input checked="" type="checkbox"/> Yes	<input type="checkbox"/> No
