

## Internship Program Admissions

Date Program Tables are updated:

Briefly describe in narrative form important information to assist potential applicants in assessing their likely fit with your program. This description must be consistent with the program's policies on intern selection and practicum and academic preparation requirements:

CHOC Children's (Children's Hospital of Orange County) is pleased to offer four one-year, full time, doctoral internships in health services psychology. The internship is accredited by the American Psychological Association. The internship at CHOC Children's focuses on training advanced level doctoral students in child clinical and pediatric psychology to work effectively within medical settings with medically fragile children and their families, as well as offering continued training with more traditional child outpatient presenting problems. All of the training experiences take place within the hospital setting.

Does the program require that applicants have received a minimum number of hours of the following at time of application? If Yes, indicate how many:

Total Direct Contact Intervention Hours		Yes	Amount: 100 child and/or family hours
Total Direct Contact Assessment Hours		Yes	Amount: 10 integrated reports

Describe any other required minimum criteria used to screen applicants:

Admission requirements for interns include advanced candidacy, good standing in their graduate program, and current enrollment in an APA accredited clinical, counseling, or school psychology program; two years of part-time clinical placements, one year of which must include services to children; a background in basic psychological testing measures (e.g. IQ, achievement, objective and projective personality measures); and finally, exposure to and interest in pediatric psychology which can be demonstrated through coursework, clinical placement, or research. Discussion of your interest in pediatric psychology training can be included in your essays and/or cover letter.
