

Amwell Telehealth

CHOC is now using a new telehealth system called Amwell. If you've had a telehealth appointment previously, this will be a different system. Don't worry: The system is easy to navigate.

Preparing for Your Visit:

Make sure you have reliable internet access and test your video and audio settings. The use of public Wi-Fi is not recommended to ensure for a secure and reliable connection.

Have your insurance card and medication list on hand.

Find a quiet space with minimal distractions.

Joining a Visit Via Text (SMS) Invitation:

1. You will receive a text message from **(888)522-6688** or **(617) 652-5066** inviting you to your telehealth visit **within 72 hours** of your scheduled visit.

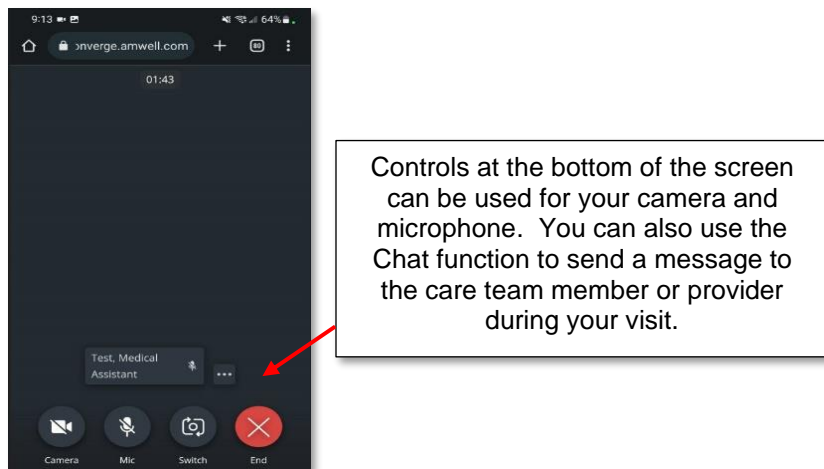

2. The link will direct you to a web browser.

Amwell Telehealth

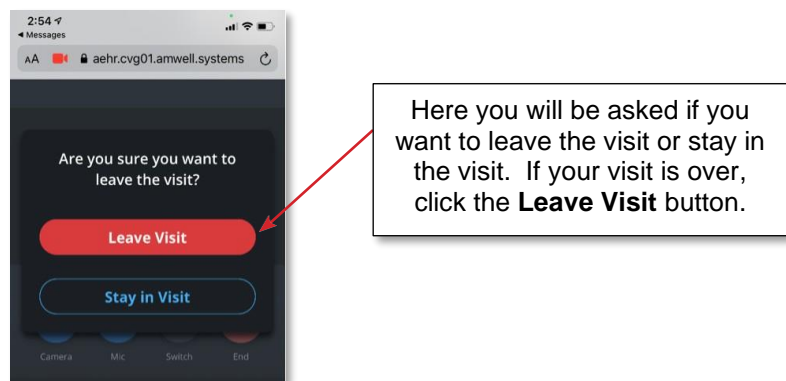

3. You will then receive a pop-up asking to allow access to your microphone and camera.

4. This will place you in the telehealth visit where you will wait for a care team member to join.

5. Please stay in the visit until seen by all care team members. When the visit is over, your provider will end the visit and you can click the **End** button.

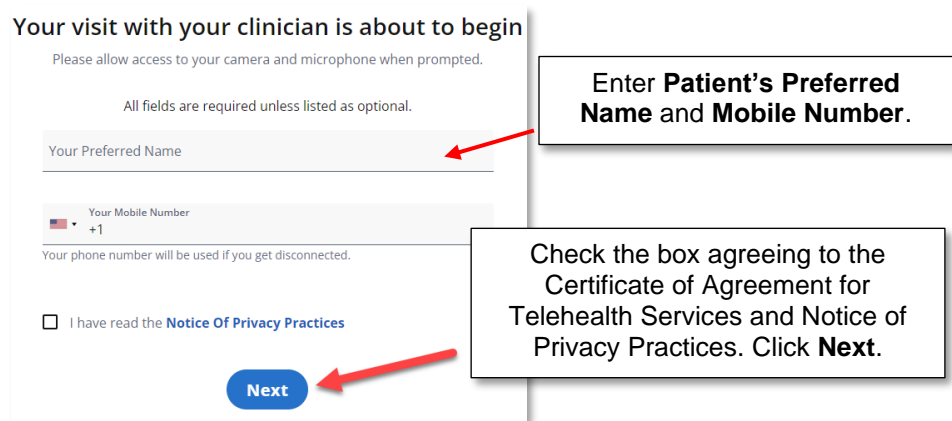

Amwell Telehealth

Joining a Visit Via Email Invitation:

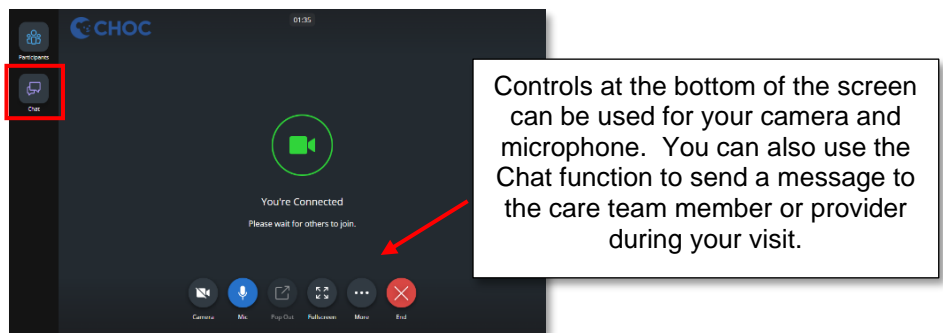

1. You will receive an email from **CHOC** (amwlehr@amwlehr.com) for your upcoming telehealth visit.

2. The link will direct you to a web browser.

3. This will place you into the telehealth visit where you will wait for a care team member to join.

Amwell Telehealth

- Please stay in the visit until seen by all care team members. When the visit is over, your provider will end the visit and you can click the **End** button.

Here you will be asked if you want to leave the visit or stay in the visit. If your visit is over, click the **Leave Visit** button.

**After the visit, you will be able to rate how the quality of the video and audio. You can then close out your web browser.*

***If disconnected, you can rejoin the visit using the same link they used to enter the visit.*

Patient Troubleshooting:

If you are unable to connect to your visit, please consider the following:

- **Supported web browsers:** Windows: Edge, Chrome, Firefox, IE11; Mac: Safari.
- Confirm your internet connection.
- Confirm the device is charged.
- Does your browser require an update?
- Clear your browser cache and browsing history.
- Ensure all software and applications that utilize your device's audio and camera are closed.
- Disconnect from any VPN.
- Refresh the visit page.
- Restart your device.

Mobile Device Requirements ¶

Operating System Compatibility	Device Compatibility
iOS 13.6* <i>iPhone and iPad</i>	iPhone 7 or newer iPad 5 th generation or newer
Android 9.0+*	Any phone running Kit Kat v4.4.0 or newer

*Please note that Converge does **NOT** support **A12 and A32 Samsung devices at this time.**

* In general, current and two version behind should be used for optimal experience.

Frequently Asked Questions

1. My provider cannot hear me, what can I do?

Next, confirm if you are using Google Chrome or Safari on an iOS device (iPhone or iPad) for the visit. If so, refresh the browser page. You may need to attempt a browser refresh more than once until audio is successfully received.

2. My video is black, what can I do?

You may have opened a different application on your mobile device. Return to the visit window and the video will resume.

3. My video is frozen, what can I do?

The video may appear frozen if you do not have a strong internet connection. Recommend that you connect to Wi-Fi, move closer to your router and limit household streaming.

4. My video is blocked on my mobile device, what can I do?

Follow these steps to unblock your camera:

Android:

1. **Navigate to browser settings on your Android device.**
2. Select **Site settings**.
3. Select **Camera**.
4. **Select the visit URL.**
5. Select **Allow**. Repeat these steps for the **Microphone**.
6. Ensure both state **Allow**.

iOS:

1. Navigate to the **General Settings** > and select **Safari**.
2. Select **Camera**.
3. Select **Allow** and repeat these steps for the **Microphone**.

How to Get Help:

<https://www.choc.org/patients-family/telehealth/>

Problems entering the visit?	Click "Need help" at the bottom of the welcome page.
Been waiting for a long time?	Click "More" then "Support", scroll to the bottom to contact your clinic. To re-enter into the video visit, hit the back arrow key on your mobile device.
