

CARDIOLOGY SERVICES

PHILOSOPHY

CHOC Children's Cardiology is the premier destination for children's heart services in the region. Our highly specialized board-certified pediatric cardiology team provides patients and families with innovative and comprehensive multi-disciplinary care in the management of congenital and acquired heart disease.

WHAT WE EVALUATE

- Arrhythmias and channelopathies
- Cardiomyopathy/heart failure
- Chest pain and palpitations
- Congenital heart disease (children and adults)
- Genetic disorder associated heart disease
- Heart murmurs
- Hypertension and dyslipidemia
- Family history of heart disease
- Prenatal/fetal cardiac conditions
- Pulmonary hypertension
- Sports and exercise physiology
- Syncope

PROGRAMS AND SERVICES

- Comprehensive inpatient and outpatient care for patients with congenital and acquired heart disease
- Echocardiography: transthoracic, stress/exercise, fetal, transesophageal and intracardiac
- Fetal Cardiology: screening fetal echocardiography for high-risk patients, diagnosis and management of fetal congenital heart disease, fetal arrhythmias and family-based multidisciplinary care and delivery planning
- Cardiac Catheterization: diagnostic and interventional services including transcatheter atrial septal defect or patent ductus arteriosus closure, balloon angioplasty

and valvuloplasty, stent-based therapies, transcatheter pulmonary valve replacement (Melody®)

- Electrophysiology: athlete heart screenings, holter and event ambulatory monitoring, stress treadmill testing, cardiopulmonary exercise testing, implantable loop recorder, pacemaker implementation and programming, implantable cardioverter defibrillator (ICD), resynchronization therapies, electrophysiology mapping of arrhythmia pathways, radiofrequency ablation and cryoablation
- Advanced Cardiac Imaging: cardiac magnetic resonance imaging (MRI) and angiography and cardiac computed tomography angiography (CTA)
- Preventive Cardiology: multidisciplinary lipid evaluation and management program
- Specialized clinics focusing on pulmonary hypertension and pediatric heart failure/cardiomyopathy
- Adult Congenital Heart Disease: specialized clinic focusing on the transitional care of adults with congenital heart disease

MAIN OFFICE

**CHOC Children's Specialists Cardiology
CHOC Commerce Tower**
505 S. Main St., Suite 200, Orange, CA 92868
Business hours: Monday - Friday 8:00 am - 5:00 pm
Saturday clinics: 8:00 am - 12:00 pm
Office and after hours: 714-509-3939
Scheduling: 888-770-2462
Fax: 855-246-2329

SATELLITE LOCATIONS

CHOC Children's Health Center at PIH Health
15725 E. Whittier Blvd., Suite 300, Whittier, CA 90603
Scheduling: 888-770-2462
Fax: 855-246-2329

CHOC Children's Health Center, Corona
854 Magnolia Ave., Suite 101, Corona, CA 92879
Scheduling: 888-770-2462
Fax: 855-246-2329

CHOC Children's Health Center, Mission Viejo
26691 Plaza, Suite 130, Mission Viejo, CA 92691
Scheduling: 888-770-2462
Fax: 855-246-2329

CHOC Children's Specialists Cardiology at Pavilion
1140 W. La Veta Ave., Suite 750, Orange, CA 92868
Scheduling: 888-770-2462
Fax: 855-246-2329

CHOC Children's Specialty Center, Newport Beach
500 Superior Ave., Suite 140, Newport Beach, CA 92663
Scheduling: 888-770-2462
Fax: 855-246-2329

Pomona Valley Hospital Medical Center
1770 N. Orange Grove Ave., Suite 210, Pomona, CA 91767
Phone: 909-865-9839, option 2
Fax: 909-630-7320
After-hours exchange: 1-866-316-3382

SPECIALTY CARE PHYSICIAN
CONCIERGE SERVICE

Our physician concierge service expedites physician to physician communication with CHOC Specialists.

To connect with a physician concierge representative, please call 714-509-4013.

PINGMD®

Physicians are available via pingmd®, a secure HIPAA-compliant secure text messaging app. The app is available for free on Android and iOS devices.

PEDIATRIC CARDIOLOGY TEAM

Anjan S. Batra, MD, MBA

Electrophysiology

Anthony C. Chang, MD, MBA, MPH

Pediatric heart failure, cardiomyopathy and innovation

Nita Doshi, MD

Fetal cardiology, echocardiography, pulmonary hypertension, cardiomyopathy

Maria Horenstein, MD

Exercise physiology, electrophysiology

Nafiz M. Kiciman, MD

Neonatal cardiology, cardiopulmonary exercise testing

Wyman W. Lai, MD, MBA, MPH

Assistant Division Chief
Echocardiography, advanced cardiac imaging, MRI, fetal cardiology

Anthony McCanta, MD

Electrophysiology, adult congenital heart disease

Gira S. Morchi, MD

Interventional / cardiac catheterization, echocardiography, community outreach

Linda E. Muhonen, MD

Pediatric lipid management

Michael Recto, MD

Division Chief
Interventional / cardiac catheterization, adult congenital heart disease

Pierangelo Renella, MD

Advanced cardiac imaging (MRI), fetal cardiology, echocardiography

Sanjay P. Sinha, MD

Interventional / cardiac catheterization

Richard Swensson, MD

General pediatric cardiology
